Baseline TIFF 6.0

Туре	ID	Location	Description
0	TAG-284-0004	IFD1	PlanarConfiguration in Planar format is not currently in widespread use and it is not recommended for general interchange. It is used as an extension and Baseline TIFF readers are not required to support it.
•	TAG-282-0005	IFD1	XResolution tag must be greater than zero.
0	TAG-281-0005	IFD1	MaxSampleValue Tag is not defined. Then 2**(BitsPerSample) - 1 value is assumed
0	TAG-280-0005	IFD1	MinSampleValue Tag is not defined. Then 0 value is assumed
•	TAG-282-0004	IFD1	It is not mandatory that the image be actually displayed or printed at the size implied by XResolution. It is up to the application to use this information as it wishes.
•	TAG-283-0004	IFD1	It is not mandatory that the image be actually displayed or printed at the size implied by YResolution. It is up to the application to use this information as it wishes.
